RWANDA 4 DAYS/3 NIGHTS – Tour code 20SAGT
Gorilla Trekking is recommended to be combined with East Africa Safari

Travel Validity: 2020

No other wildlife encounter compares to spending time face-to-face with wild gorilla. Gorillas as a species are on the brink of extinction. We're proud to support trekking tourism which contributes directly to the vital protection of the rainforest habitats and conserving both mountain gorillas and western lowland gorillas is vital.

The treks are a highly restricted activity, regulated with permits which Salute Africa obtains on behalf of the client.

Note: This itinerary only valid if arrival is on Tuesday, Thursday, Friday or Sunday
